

THE KAL TIRE KALAMALKA BOWL 2023

Given the current state of wildfires in the Okanagan area and out of an abundance of caution the decision has been made to cancel the KAL Tire Kalamalka Bowl scheduled for August 23 at the Greater Vernon Athletic Park. The cancellation includes the Youth Skills Camp scheduled for August 22 at the Greater Vernon Athletic Park.

“This decision was made to cancel the KAL Tire Kalamalka Bowl 2023 in full consultation with the head coaches of the University of British Columbia “Thunderbirds” and the University of Alberta “Golden Bears”. As much as both teams were very excited to travel to Vernon, experience our event, and play their first game of the year, everyone involved understands that given the current state of our region we had to make a decision that is respectful for our community and safest for our participants and spectators.”

– Sean Smith, President of the Kalamalka Bowl Society

The Kalamalka Bowl Society is currently working with Eventbrite, our ticket purchasing company, to facilitate full refunds for purchased tickets to both the game and skills camp. More information will be emailed directly to our customers.

The Kalamalka Bowl Society thanks our community, the City of Vernon, North Okanagan Regional District, the City of Coldstream and all sponsors and suppliers for the great support building up to this large community event. Special appreciation to KAL Tire, as the title sponsor, without their support this event would not be possible.
